

## Dive into GALAAD

### Expert Insights on GALAAD: The Road to a Smarter ATM System

What are the key steps in validating the GALAAD's innovative Air Traffic Management (ATM) approach?

In case you missed it, here's an insight from our experts on how GALAAD aims to enhance ATM through its validation exercises.

Learn more about the GALAAD's mission and connect with the project [here](#).

## GALAAD and DYN-MARS: Collaborating for a Sustainable Aviation Future

The collaboration between GALAAD and DYN-MARS is unlocking new possibilities for a more flexible and eco-efficient aviation system. Working within the same framework, these projects are tackling the crucial challenge of enhancing sustainability and efficiency in aviation by addressing both ground systems and avionics. Together, they're driving progress in fuel efficiency, CO2 reduction, and the overall performance of Europe's ATM.

👉 Read the full article to explore how their work is shaping the future of aviation [here](#)

## GALAAD's Milestones and Funding: Explore on CORDIS

In this edition, we want to highlight GALAAD's presence on CORDIS, the EU's key platform for tracking research projects. On CORDIS, you can find important details about GALAAD, including its objectives, deliverables, and funding. It's an essential resource for anyone looking to follow the project's progress and its impact on ATM.

## GALAAD and EASA Report

GALAAD is playing a crucial role in aligning with the **European Aviation Environmental Report 2025 (EAER 2025)** by advancing sustainable aviation practices. From reducing CO<sub>2</sub> emissions through optimized flight paths to enhancing operational flexibility and reducing noise pollution, the GALAAD's innovations contribute directly to the report's goals. These efforts align with the push for greener aviation technologies and operational efficiency.

## Mark your calendar

- Save the date for **AERODAYS 2025** in **Poland, 7-9 May 2025**! Join over 1,000 aviation experts for a 3-day conference focused on innovation, research, and collaboration in the aviation sector. Don't miss the opportunity to connect and explore new possibilities. 👉 [Learn more here](#).
- Mark your calendars for **AIRSPACE WORLD 2025** in **Lisbon, 13-15 May**! Join the **SESAR Walking Tours** to explore cutting-edge ATM and sustainability innovations. **GALAAD** will be present, showcasing its contribution to the future of aviation. 👉 [Learn more here](#)
