

Illuminating flights using speech recognition

Raquel Garcia Lasheras
R&D Engineer, CRIDA A.I.E.

Illuminating flights

Why voice recognition?

PJ. W2
PROSA

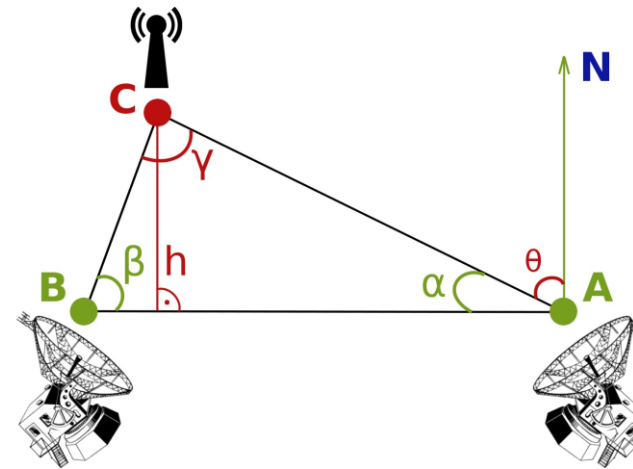

ENAIRe

indra

- Usual mean of communication between Flight Crew and controllers
- Within tolerable price
- Easy to deploy
- Part of our daily life

How to illuminate a flight?

1. Search for the name

Callsign:

- ICAO name of the company
- Up to 4 numbers or letters

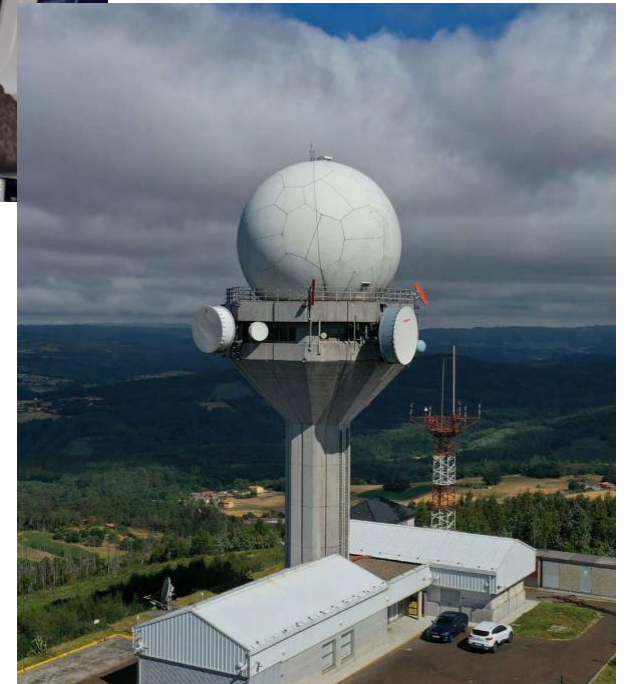

How to illuminate a flight?

2. Take into account the environment

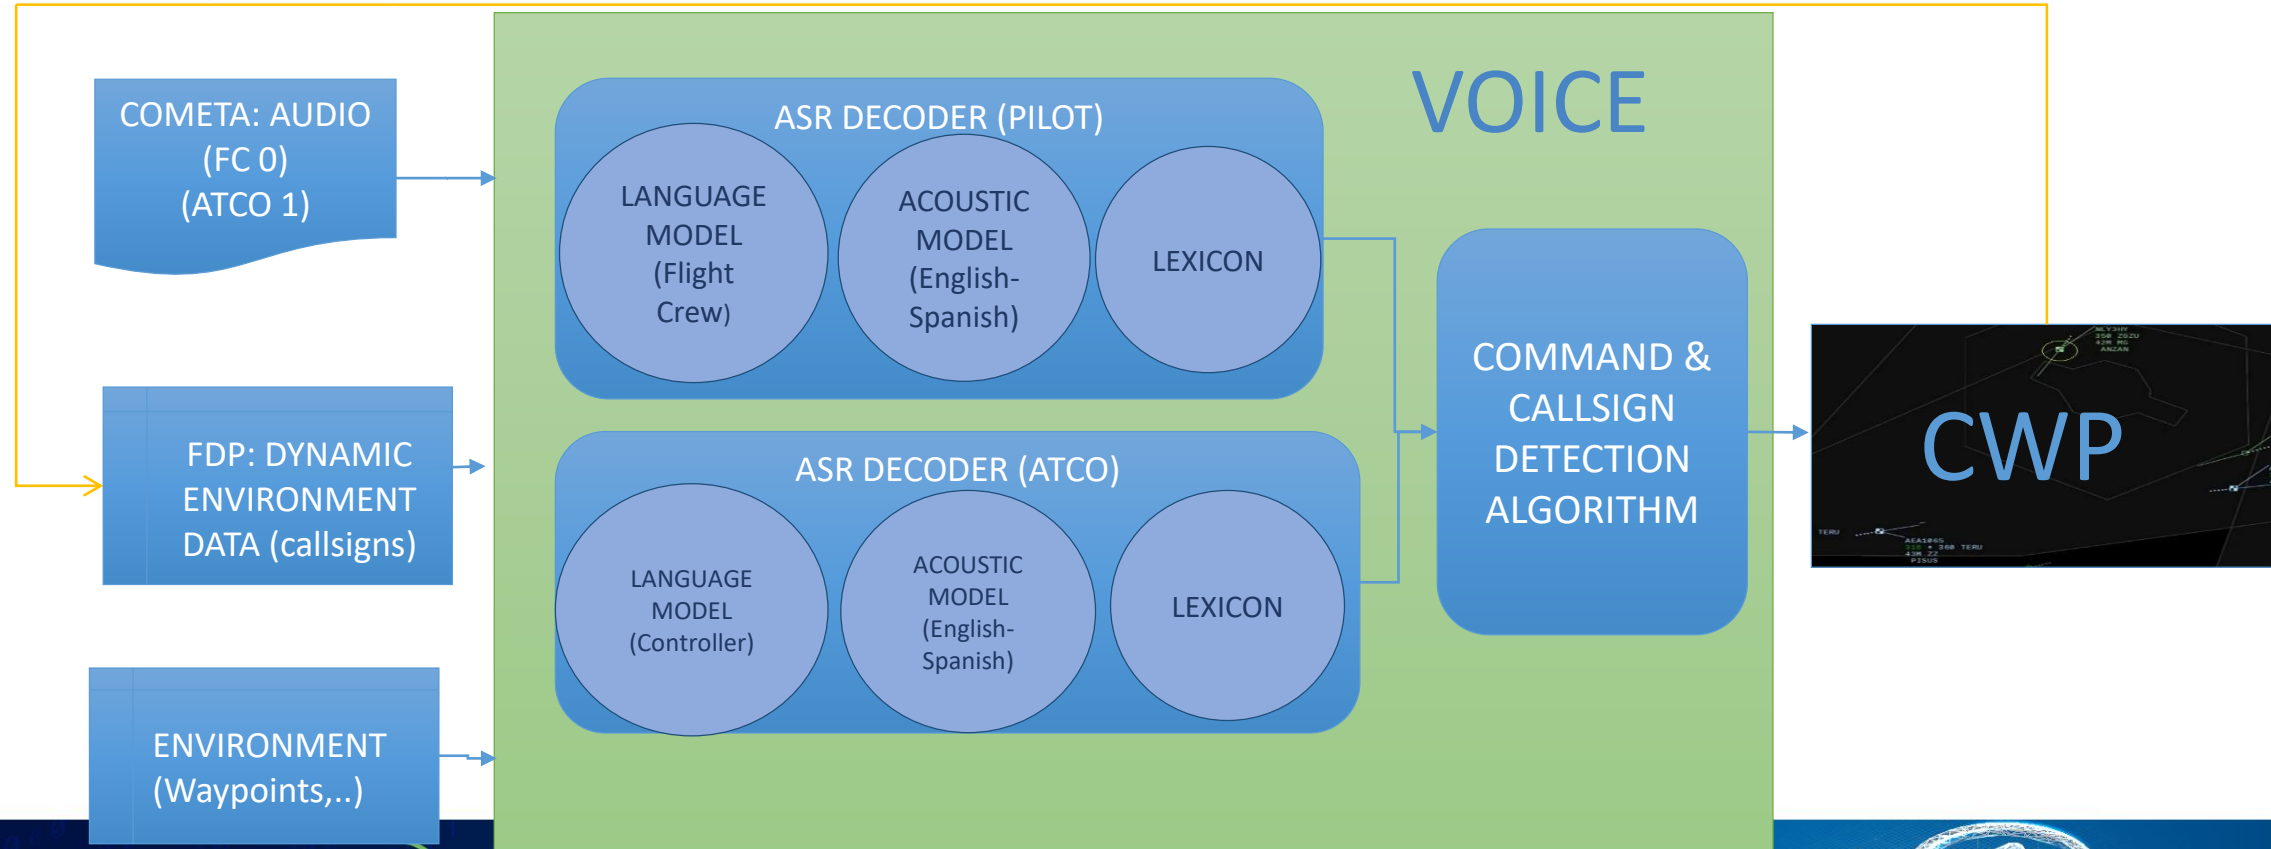

- Flight plans
- Procedures
- Technology
